

Office of Basic Energy Sciences

Patricia Dehmer, Director
☼ **Vacant**, Deputy Director
Mary Jo Martin, Administrative Specialist

Director's Office Staff Contacts

Robert Astheimer
F. Don Freeburn
Stanley Staten
Sharon Long

Materials Sciences and Engineering Division

☼ Patricia Dehmer, Director (Acting)

Christie Ashton, Program Analyst
Anna Lundy, Secretary

Condensed Matter Physics and Materials Chemistry X-Ray and Neutron Scattering

William Oosterhuis
Melanie Becker, Program Assistant

Experimental Condensed Matter Physics

James Horwitz
(April 2003)

Theoretical Condensed Matter Physics

Vacant FTE
Dale Koelling

Materials Chemistry & Biomolecular Materials

Dick Kelley
Aravinda Kini
Matesh Varma

X-ray and Neutron Scattering

Helen Kerch

Experimental Program to Stimulate Competitive Research (EPSCoR)

Matesh Varma

X-ray and Neutron Scattering Facilities

Pedro Montano

Spallation Neutron Source (Construction)

Jeffrey Hoy

Nanoscale Science Research Centers (Construction)

Kristin Bennett

Materials and Engineering Physics

Robert Gottschall
Terry Jones, Program Assistant

Structure and Composition of Materials

Altat (Tof) Carim

Mechanical Behavior of Materials & Radiation Effects

Yok Chen
Harriet Kung
● Michael Kassner, OR St. (1/2 time)

Physical Behavior of Materials

Harriet Kung
■ Robert Hwang, SNL

Synthesis and Processing Science

Jane Zhu

Engineering Research

Timothy Fitzsimmons

Chemical Sciences, Geosciences, and Biosciences Division

Walter Stevens, Director

Karen Talamini, Program Analyst
Carolyn Dorsey, Secretary

Fundamental Interactions

Eric Rohlfing (Acting)
Sharon Bowser, Program Assistant

Atomic, Molecular, and Optical Science

Vacant FTE

Chemical Physics

William Kirchhoff
◆ Frank Tully, SNL

Photochemistry & Radiation Research

Mary Gress

Computational and Theoretical Chemistry

Vacant FTE

Molecular Processes and Geosciences

William Millman
Diane Marceau, Program Assistant

Catalysis and Chemical Transformation

Raul Miranda
● Julie d'Itri, U. Pittsburgh

Separations and Analysis

John Miller

Heavy Element Chemistry

Lester Morss
■ Norman Edelstein, LBNL

Chemical Energy and Chemical Engineering

Paul Maupin

Geosciences Research

Nicholas Woodward
● Roger Turpening, MTU

Energy Biosciences Research

James Tavares
Patricia Snyder, Program Assistant

Plant Sciences Gregory Dilworth James Tavares

Biochemistry and Biophysics Sharlene Weatherwax

The Division of Chemical
Sciences, Geosciences, and
Biosciences has one vacant
Detailee position available.

The Division of Materials
Sciences and Engineering has
one vacant Detailee position
available.

☼ Formerly Dual Capacity
● IPA
◆ Detailee
■ Detailee, 1/4 time, not at HQ
